## 2019 Annual General Meeting and Conference

**February 6 & 7, 2019**

## Corporate Strength with Cooperative Spirit

Business strength is developed over the years through the connection of its people with policies and procedures. Following guidelines, conforming to rules, and implementing necessary improvements and changes lead to a stronger, positive corporate strategy. Laws, regulations, and policies guide a business within that supportive framework of commitment and compliance.

Staying abreast of legislative and industry change is not easy. But it's necessary and that is where the value of working together lies. The AFREA provides leadership and structural guidance to its member REAs while respecting the individual aspects of each cooperative business. We can make a difference and together we can continue to build a strong network of rural distribution power co-ops.

The AFREA AGM & Conference offers you the opportunity to network and gather valuable information to help build your rural distribution power business.

REAs - Strong community-minded businesses with a ton of spirit.

*The AFREA Board and Staff welcome you to the 2019 AGM & Conference.*
